

## Friends of Lancing Manor Park

Adur District Council is considering the development of an all-weather, floodlit, five-a-side football pitch in three locations, one of which is Lancing Manor Park.

The Friends of Lancing Manor Park has been formed with the aim of challenging any situation that has a negative impact upon an environment currently enjoyed by many residents of Lancing and Sompting. Our first project is to state quite categorically, that we do not want a football pitch with all of its associated problems, to be built in such a beautiful and peaceful environment.

Obviously, the more members we have, the more powerful our voice. If you agree with our aims and wish to join us, please contact:

Judie Dicson, 17 The Moorings, North Lancing  
[judith.dicson@gmail.com](mailto:judith.dicson@gmail.com)

By providing your contact details, we will be able to let you have the date of a public meeting, soon to be organised with the aim of formalizing the group. A chair and committee will be elected, and a constitution agreed.
